STANDARDS

- Meets or exceeds ANZI Z87.1 standard
- CE EN166 certificated
- CE EN 166 N anti-fog (Clear/Tinted lens) and K anti-scratch requirements

LENSES

- Made from purity optical grade/Polycarbonate
- Absorbs 99.9% harmful UV light
- Curved lenses offer fit with unlimited wrap around protection

GENERAL LENS PROPERTIES

- Clear (CL)**
 - General purpose that provides maximum visibility
 - Indoor lens, good for mechanical work, or dusk, dawn and nighttime activities
- Amber (AM)**
 - Maximum enhancement of contrast in low light environments (i.e. warehouse)
 - Blocks out 87% of blue light with unparalleled level of detail definition and color recognition
 - Offers brighter view in early morning or late evening, on cloudy, foggy or hazy days
 - Suitable for night shift workers, surface inspection and mechanical work
- Smoke (SK)**
 - Transmits all colors at the same level
 - Protects eyes from excessive glare and high levels of hazardous visible light and ultraviolet radiation without distorting color perception
 - Ideal for outdoors use on bright sunny days, but does not enhance target
- Cool (I/O)**
 - General purpose safety lens / the most popular tinted lens
 - Clear UV400 lens with light gold coating for indoor and outdoor use
 - 100% protection from harmful UVA and UVB rays
 - Gives true color perception
 - Commonly used where it is required to move between indoor and outdoor applications such as driving a fork lift truck
